CFPA EUROPE

(Confederation of Fire Protection Associations Europe)

**Working together for
Fire Safety, Security
and protection from
Natural Hazards.**

We welcome CFPA -E Ambassadors
and member organizations from all
over the world.

Learn more and apply:
www.cfpa-e.eu

Objectives

The objectives of the national organizations of CFPA Europe are to inform and educate people, improving safety and security, preventing loss of life and the destruction of property or business

Activities

Guidelines

CFPA Europe develops and ratifies Guidelines covering all aspects of fire prevention, safety, natural hazards and security. More than 60 Guidelines are available free of charge on www.cfpa-e.eu

Information

All members of CFPA Europe are involved in supplying and sharing information and in spreading knowledge and expertise from CFPA Europe to global audiences.

Cooperation and Network

The members of CFPA Europe benefit from exclusive access to a wide network of fire prevention, protection and safety experts throughout Europe.

Training and Education

CFPA Europe offers training and education courses, in order to raise attention and public awareness.

These courses are uniformly shaped throughout Europe. Students who pass the examinations are awarded the well established and well recognised CFPA Europe Diploma and Certificate.
